

The Music Ministry at St. Paul the Apostle Parish believes that music provides an opportunity for our parish to reach out to the entire community by establishing a welcoming atmosphere. We also believe that those in music ministry must work hard to maintain and develop our musical skills in order to promote greater participation by the congregation in singing at Mass and at all our parish celebrations. Throughout the year, members of the Parish Music Ministry lead the music at all the weekend Masses and at numerous other liturgical events including retreats, reconciliation evenings, monthly baptisms, funerals, weddings, and for major feast days (i.e. Ash Wednesday & Lent, Holy Week & Easter, Advent & Christmas). Recently, Music Leaders and choir members were part of the fall Diocesan Music Ministry Training Workshops at which we learned the “New Mass Responses” which take place at the beginning of Advent this year. Our Choirs will be leading the music at our Parish Confirmation Masses early in November. During this month of November as our parish highlights the Parish Music Ministry let us remember that all of us have been gifted in different ways by God for the service of the community. One goal of this Music Ministry Highlight is to recruit new members for our Choirs. It also provides an opportunity to recognize and thank those who have given countless hours to music ministry in our parish.

Together let us continue to raise our voices in song to God.
